Browsing on portal WAP (€/visit)	Free	Free	Free	Free	Free

Charging is per second with minimum call duration 60 seconds.

*Promo for new activations: customers that perform new activation in WIND to ALL-25 as of 24/12/12, receive 50 more free voice minutes towards all national networks, i.e. they have in the embedded usage 200 minutes in total towards all national networks every month.

** As of 10/6/2013 WIND to ALL-100 consists of 3.000 embedded SMS instead of 300, without any extra charging. This modification is valid for all customers, new & existing.

- The monthly fee is charged in advance every month. For the period between the activation date and the first billing issue, the monthly fee is charged proportionally. The embedded usage included in the tariff plans is consumed within a monthly billing period. In the period between the activation date and the first billing issue, the embedded usage is proportional.
- The voice minutes included in the embedded usage of the tariffs, apply to national voice calls performed within Greece towards all national mobile & fixed networks and are not valid for: international calls, Roaming calls, calls to Voice Mailbox, calls to Customer Service (1260), calls to Directory service & calls to other services. Charging is per second with minimum call duration of 60 seconds (applied to all calls within and above the embedded usage). The voice minutes of the embedded usage that are not consumed within the billing period cannot be transferred to the next.
- The SMS included in the embedded usage apply to SMS sent within Greece towards all national networks and are not valid for SMS towards foreign networks, SMS to services & SMS while Roaming. The voice minutes of the embedded usage that are not consumed within the billing period cannot be transferred to the next.
- The MBs/GBs included in the embedded usage are applied for WEB & WAP browsing within Greece except WIND Plus portal. The MBs/GBs of the embedded usage that are not consumed within the billing period cannot be transferred to the next.
